DETAILED ACTION
(Including an Examiner's Amendment)

Response to Arguments

Applicant's arguments filed 7/18/05 have been fully considered and are deemed persuasive. Applicant has filed a terminal disclaimer to overcome the double patenting rejection of the previous Office Action. The terminal disclaimer has been approved.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

IN THE CLAIMS

Claim 13, line 6 "an active mobile telephone instruments" has been changed to –an active mobile telephone instrument--.

Claim 23, line 5 "an active mobile telephone instruments" has been changed to –an active mobile telephone instrument--.

Allowable Subject Matter

Claims 13-29 are allowed.

The following is an examiner's statement of reasons for allowance: Regarding claims 13 and 19, the examiner is in agreement with applicant's arguments regarding the reasons for allowance.

Regarding claim 23, the receiving of identification data for the mobile telephone instrument and the confirming the data as a prerequisite for preparing the telephone instrument to send the telephone number for the desired remote telephone is in line with the requirements of claim 13, where the receiving identification data and the confirming step whereas claim 13 just requires that subsequently calling the telephone number of the desired remote telephone. These steps contain nuance differences but are very similar and were neither found, suggested, nor made evident by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
